MEMORANDUM FOR AFROTC/DET158/CC

FROM: OG/CC

SUBJECT: Honor/Warrior Flight Criteria

1. This document details the aspects of the Honor Flight and Warrior Flight awards for the Fall 2006 semester. It will define the purpose of the awards, document the selection process, as well as note and explain changes from the previous semester.

2. The Honor/Warrior Flight awards are tools that create a friendly competition environment between flights. This competition will help to facilitate motivation and encourage excellence in individual cadet and flight performance. This will also be the basis for selection of the semester Honor/Warrior Flight so winning flights can receive the ribbons.

3. HONOR FLIGHT CRITERIA AND SCORING: The Honor Flight award recognizes the flight that best exemplifies excellence in leadership, service, and professionalism. There are four quantifiable criteria that will be used to determine Honor Flight:

   a. **Uniform Inspections** - Results from uniform inspections reflect on the individual cadet’s attention to detail and the flights overall ability to work as a team. Each cadet will be able to contribute to their flight’s overall performance in open rank inspections. The overall number of discrepancies for each cadet will be tallied and that number will be divided by the total number of cadets inspected. The flight with the lowest number will receive the highest score. Points will be awarded to each flight accordingly:

   (1) 80 points
   (2) 70 points
   (3) 60 points
   (4) 50 points
   (5) 40 points
   (6) 30 points
   (7) 20 points
   (8) 10 points

   b. **Recruiting Hours** - Recruiting is a service to the detachment and demonstrates a commitment to the AFROTC mission. Cadets that attend recruiting events will earn their flight 1 point. These points will be tallied and each flight will then be awarded a score based upon their ranking. Any flight with no recruiting hours will not be ranked and will be awarded a score of 0.
c. **Community Service Hours** - Community service demonstrates a commitment to the AFROTC mission as well as a commitment to the community and nation. Each community service event a cadet participates in will earn his/her flight 1 point. These points will be tallied and each flight will then be awarded a score based upon their ranking. Any flight with no service hours will not be ranked and will be awarded a score of 0.
